3. Complete correctly.

- a) The young one of a sheep is a _____
- b) Croak is to frogs as _____ is to snakes.
- c) A dog lives in a _____.
- d) A duck moves by _____.

4. Read the passage below and answer questions about it.

Animals are living things. There are two types of animals. These are domestic and wild animals.

Domestic animals are kept at home while wild animals live in bush or forests.

Examples of domestic animals are; cows, cats, dogs, sheep, goats, pigs and others.

Some of the domestic animals give us milk, meat, hides and skins.

We get milk from cows and goats. A young one of a cow is a calf and a young one of a goat is a kid. People also sell animals to get money for buying their basic needs.

Animals that live in bush or forests are; elephants, hynas, zebra, monkeys, cobs and others.

QUESTIONS

1. What are domestic animals?

2. Which animals give us milk?

3. Where do wild animals live?

4. Write any two animals mentioned in the passage.

a) _____ b) _____

One by one _____ (Complete correctly)
